

The Parish Education and Finance Councils review the school tuition fees and structure annually and approve any increase or changes. Families are notified at the end of each year of the approved fees for the following year.

Individual schools will send statements for subject and activity costs. These are payable directly to the school and are in addition to the school tuition fees.

## Fee Assistance

Justice and equity require that many factors should be taken into account in order that every family is treated equally when assessing their ability to pay school fees. Factors such as the number of children, family income and employment situations all need to be considered.

To this end, St Agnes' Parish established the "Fee Assistance Program".

For further information or to request an application, please contact St Agnes' Education Team or your School.
