HCP Level 4 Package Management Fee (daily)	\$14.00

Care Management fees are related to the ongoing costs related to provision of care (eg. coordinating and reviewing care plans, rostering care and services, providing a point of contact and addressing risks to safety). *Package Management fees* are related to the ongoing administration costs of the Home Care package (eg. preparing monthly statements, compliance and quality assurance activities). CCA reviews its costs annually and reserves the right to amend prices in accordance with the Home Care Agreement.

You could be asked to pay fees for care you get as part of your Home Care package. The *income-tested fee* is based on the financial information you give to the Department of Human Services. If you require additional services to what your allocated Home Care package can allow, you can pay an *additional daily fee* to fund the increased amount of services you need.

Please contact the Home Care Team on **02 55253600** or ccacommunity@cca.stagnesparish.org.au if you have any enquiries about the fees, charges or description of services offered.
